

Seeking New and Returning Members for the Seattle SAME Post!

As a regular recipient of Seattle SAME Post e-mail updates, you may not be aware that you are not on our current membership roster. Changes in membership status and e-mail addresses make it difficult for us to keep our distribution list updated. If you are a current SAME member, please send us your member ID number and we can assist you with getting properly listed on our membership rolls. If you are not currently a member of SAME, we would be most pleased to have you join the Seattle Post so that we can continue to keep you apprised of post activities and provide you with members-only networking and educational opportunities. After a grace period of three months we will discontinue the use of our non-member distribution list.

For those considering SAME membership, there are many good reasons to join. Our industry is constantly changing and reinventing itself. To keep pace, you've got to stay abreast of new developments and in touch with the A/E/C community. SAME offers tremendous opportunities to individuals through its forums, education and training opportunities, and a magazine and newsletter devoted to publishing new and emerging information about contracting, design and engineering projects, environmental issues, regulatory matters, small and large business practices, and design and engineering technologies. In addition, joining SAME and participating in post activities is a great way to develop business contacts!

By joining the Seattle SAME Post, you will receive benefits that will help you throughout your career and beyond. As an active member of our post, you will have the opportunity to get to know many of the leaders from within the military and private sector A/E/C community throughout the Puget Sound Region. You will have full access to numerous local, regional, and national programs offered at discounted member rates. And you will receive full member benefits through SAME National member services, such as access to members-only areas on the SAME web site and subscriptions to **The Military Engineer**, **SAME News**, and **Government and Industry e-News**. If you would like more information about SAME and the benefits and categories of membership, please click on this link to SAME's Membership Kit booklet: <http://www.same.org/files/public/MembKit-booklet.pdf>. To learn more about the Seattle SAME Post, including the latest news and post-sponsored events, please visit our web site at www.seattlesame.org.

We look forward to providing you with expanded networking opportunities and keeping you in touch with the latest developments in our region. Please consider the many connections and resources that a SAME membership offers, and join the Seattle SAME Post today. It's fast and easy. Simply click on the appropriate link below for the membership category that suits you. When completing the online membership application, be sure to select the Seattle Post as your primary post affiliation.
