

The Society of American Military Engineers offers a unique series of engineering camps designed for high school students who excel in math, science and technical courses and are interested in pursuing engineering in college. These one-week camps are high energy, hands-on events for students from across the country and around the world. The camps are led by a

professional staff of engineers from both private industry and the military services. Each camp is one week in duration and each has its own unique focus and theme. The Engineering & Construction camps are a one-of-a-kind opportunity to experience what engineers do, to learn practical skills and to gain exposure to the military services.

If interested, the first step is to determine if you are eligible. The following is a link to the SAME National website that outlines eligibility requirements: <http://posts.same.org/camps/>

If eligible and the timeframe of the camp works with your summer schedule, the Seattle Post will sponsor one student each to attend the Air Force Camp and to attend the Navy's Seabee Camp. Please complete the application forms contained on the SAME National website and submit them to the SAME Seattle Post contact listed below no later than the deadline of the camp of your choice, as highlighted below.

The following is information pertaining to each Engineering Camp:

**SAME/U.S. Air Force Academy Camp Dates: June 24-June 30, 2011**

U.S. Air Force Academy  
Colorado Springs, CO

**Seattle Post Application Deadline: April 1, 2011**

**SAME/U.S. Navy Seabees Camp Dates: July 31-August 6, 2011**

Naval Base Ventura County  
Port Hueneme, CA

**Seattle Post Application Deadline: April 29, 2011**

Applicants will be evaluated by the Seattle Post on the basis of the application materials provided. Applications of candidates that are recommended by the Seattle Post will be forwarded to National for further review and final evaluation. SAME National selects all final applicants and those students will be notified by the SAME National Engineering Camp Registrar well in advance of the Engineering Camp of your choice. The Seattle Post will pay the full registration fee and travel costs associated with each successful applicant
